For 3 years I have been producing notes, bilingual test series, current affairs and online tests for coaching institutes — remotely, on deadline, in each institute's own format and branding. I have written the UPPCS Mains four times, so my content comes from what the exam actually demands, not from copying textbooks.

Freelance Content Writer — Various Coaching Institutes

Contract · Notes · Tests · Slides · Current affairs

1. Exam notes PDFs, test series and slide content for several institutes in their own format and branding, delivered on schedule.
2. Converting English sources (PIB, government reports, NCERT) into simple, accurate Hindi content.

Faculty — Mukhyamantri Abhyuday Yojana (Govt. of Uttar Pradesh)

2023 – present · Mainpuri & Firozabad

1. Regular Hindi and General Studies classes for competitive-exam aspirants — so I know exactly where students get stuck and what content they need.

Exam Experience — the edge behind my content

1. Wrote the UPPCS Mains four times (including 2024) — the complete state civil services journey with deep preparation across all GS subjects.
2. Question-setting at real exam level — I build options around the exact points where candidates get confused (similar names, reversed facts, exceptions).

How I Work

1. Every fact verified online; doubtful points are left out.
2. Regular, high-volume output to the institute's format, branding and deadlines.
3. Any new subject or exam: give me the syllabus and sources, and the content comes at the same standard.
